WHITE DOVE OF PEACE SEEMS TO HAVE FLOWN

Russia Flatly Rejects the Terms Offered by Japan.

THERE IS NOW VERY SMALL HOPE OF BELLIGERENTS COMING TO TERMS

Conference Yesterday Afternoon Very Dramatic--- Adjourned Until Saturday.

JAPAN WILL BE ODDURATE.

Portsmouth, Aug. 24.—Japan will not view with favor any modification of the peace demands that take from her any part or all of Sakhalin. M. Shikawa, editor of the Shon Shimbun, of Tokyo, and former prime minister of Japan, received a cable from his paper asking such an announcement. It was in response to a message sent by him last night relative to the peace proposals and asking for an expression of opinion.

Portsmouth, N. H., Aug. 24.—The Japanese plenipotentiaries at the conclusion of the afternoon session of the peace conference threw the card upon the table. It was the dramatic moment—the moment to which all the previous proceedings of the conference had led.

Protocols involving an agreement upon eight of the twelve conditions originally presented by Japan had been signed. One side or other must make a move or the plenipotentiaries had reached the parting of the ways. The adversaries faced each other across the table. Of course, it was well understood what would happen, but that, in a way, only made it more dramatic. Figuratively, President Roosevelt suddenly entered the conference room.

White sat silent and the move in the great diplomatic game passed to Japan. Komura in a few words said that Japan, in her great desire for peace was ready to make certain "modifications" of the original articles in the hope that Russia could find it possible to accept them. He then presented in writing to White the compromise proposition which President Roosevelt had suggested.

It was concrete and specific and it followed the lines outlined in these dispatches. It offered to withdraw article 9, providing for payment by Russia of Japan's bill for the cost of the war, on condition that Russia would accept article five, which provides for the cession of Sakhalin, so modified as to include an arrangement for the repurchase by Russia, of the northern half or the island for 1,200,000,000 yen. In addition it offered to withdraw entirely articles 11 and 12 (surrender of interest warships and limitation upon Russia's sea power in the far east.)

It was President Roosevelt's compromise and White knew its contents as well as Komura. The question whether he had been "bribing" was put to the test.

Without a moment's hesitation White explained that the modification proposed was merely a sham, a change of phraseology, a diplomatic attempt to "dodge" the issue and ask Russia to pay a war tribute under another name. He could not accept it.

He told Komura Russia wanted peace. She had given the proofs in accepting every article involving the issues upon which the war was fought, but she could light and money for tribute she would not pay, not a copeck. He asked Komura to withdraw all demands for tribute. And so the plenipotentiaries separated, to meet again Saturday, ostensibly to permit White to place in writing as the rules of the conference require, his reply to the Japanese compromise proposition. In reality the adjournment was to give each side an opportunity to consult its government for the last time.

The outlook is black, many believe it was never so black as now. The Japanese are not talking. Indeed, tonight they appear more taciturn and more resolute than ever. The only possible line of further Japanese concession is considered to lie in the diminution of the amount of purchase money demanded for the north half of Sakhalin. The decision rests, therefore, as it has from the first, with Russia. Unless the emperor agrees to yield between now and Saturday, the end is likely to come

on that day. Indications from Peterhof seem to indicate a firmer determination to yield neither territory or indemnity.

The long instruction received Tuesday night, while not a reply to the communication of President Roosevelt given to White, was of a character almost completely to destroy the hope that it will be possible for White to satisfy the Japanese demand. White himself has been quoted as saying he would not if ordered to do so by the emperor sign a treaty involving the payment of a copeck.

But it must be borne in mind that White in the negotiations is not a free agent. He represents his emperor. If he were absolutely free this conference would not fail. He would make peace. He sympathizes with the solution offered by the president, but his hands are tied and unless he receives an imperial command, he cannot move.

Black as the prospect appears to night, however, failure of the negotiations is not certain. The Russian camp is pessimistic to a man, but they all know the quick and startling changes of front that sometimes take place at Peterhof. And there are factors in the situation which might effect one of those sudden and inexplicable changes in the emperor's attitude which have frequently astonished Russia.

Private advices from St. Petersburg say that sentiment there, in Moscow and in large centers favors acceptance of the compromise. This may mean much. But the real hope still rests with President Roosevelt. He is resourceful. He has made another move. He has sent Ambassador Meyer direct to the emperor and they were together, according to advices received here, for three hours today.

Roosevelt himself may know more about how the emperor feels than White and he is able to act upon information conveyed to him by his ambassador. A report is industriously circulated here that Emperor William is responsible for the attitude of Emperor Nicholas and everything is traced back to the meeting of the two emperors on board the Hohenzollern in the Finnish Gulf. In support of this it is positively stated that after the interview White's instructions were made stronger and more unyielding.

Russia Will Never Consent.

St. Petersburg, Aug. 24.—The Associated Press has the best of reasons and authority for declaring again, with increased emphasis, that Russia will never consent to payment of indemnity to Japan.

Furthermore, the Associated Press has the same reasons and authority for the declarations that if Japan withdraw her indemnity demand peace would practically be assured, as the Russian attitude on the other three points, including the cession of Sakhalin, does not preclude the possibility of reaching a satisfactory settlement on these points.

\$20,000 WORTH OF PASSES.

Issued By a Young Railroad Stenographer Who Kept the Money.

Chicago, Aug. 24.—A conspiracy by which railroads centering in Chicago have lost transportation estimated to be worth \$20,000, was made public today by the discharge of O. C. Olson from the employ of the Santa Fe railroad. Olson was president E. D. Ripley's chief stenographer and took care of the issuing of passes. It is alleged that by free use of signed blanks Olson secured transportation and disposed of it to outsiders.

Disastrous Wreck in Russia.

St. Petersburg, Aug. 24.—A railroad wreck occurred at Yonta Station on the Siberian railway today, and resulted in the death of twenty-three and the serious injury of almost fifty. Twenty-two soldiers and one guard died, being killed outright.

YELLOW FEVER IN ILLINOIS AND IOWA

One Case Discovered Among 300 Laborers at Brownsville, Ill.

The Infection Seems to Spread Outside of New Orleans—Outlook Not So Promising.

53 NEW CASES YESTERDAY.

WEDNESDAY'S RECORD.

New cases,	53
Total,	1,550
Deaths,	5
Total,	210

Practically No Change.

New Orleans, La., Aug. 24.—Little variation from the steady improvement of the past week marked yesterday's numerical record of the yellow fever situation. The variation was in the nature of improvement, for with the light death list, there is assurance that the fever has at present no tendency to assume a virulent form.

Some soldiers stationed at the United States barracks are restless under their enforced quarantine. Communication with the city has been absolutely prevented and the appearance of fever in St. Bernard makes it probable no communication with that parish will be allowed. Not a case of fever has appeared in the barracks and the soldiers are considered to be absolutely in no danger.

A freshly infected spot in St. Bernard parish was announced yesterday. It is Terre Aux Boeufs Health Officer Meraux found five genuine cases and three suspicious cases.

Yellow Fever in Illinois.

Brownsville, Ill., Aug. 24.—With over 300 laborers here exposed to contagion by a negro from Shreveport, who admits he came from an infected yellow fever point and who now lies critically ill with the fever here, the people of Brownsville are in fear of an epidemic becoming general at this point. Many citizens have been exposed to the disease.

Strict quarantine regulations have been instituted.

(Note.—Brownsville is a small village in White county on the Big Four railroad, about five miles this side of Cairo.—Ed.)

Yellow Fever in Iowa.

Keokuk, Ia., Aug. 24.—Dr. F. H. Miller, a member of the Missouri state board of health, has confirmed the diagnosis of the attending physician that the death of the Greek, Andrew Lambrellis, at Gregory Sunday was due to yellow fever. The body was later withered with chemicals and all possible means adopted to prevent a spread of the disease. The other men in the gang with whom he worked have been isolated under a shotgun quarantine in the woods one mile from Gregory. Notwithstanding the Associated Press report sent out, there has been but one case at Gregory, and that resulted in death. The other Greeks are apparently in good health, but no precautions are neglected. Gregory is quarantined against all other places.

It is reported that six Italians who have been under guard at Gregory cannot be accounted for. It is not definitely known that they have escaped.

Working to Prevent Reinflection.

New Orleans, Aug. 24.—Every effort is being made to prevent a reinflection of the New Orleans country. Yellow fever here is being considered well under control, but it is difficult to state how many cases are in the country parishes, as no official report is made. It is said there are a hundred and seventy cases of yellow fever and two hundred of dengue at Leesville. There are five new cases of fever in St. Bernard parish, adjoining the city on the same side of the river.

Calvo Refuses to Admit Government Inspectors.

Calvo, Ill., Aug. 24.—It was yesterday morning ascertained that, in spite of the quarantine orders issued by the Illinois State Board of Health against the states of Louisiana and Mississippi, inspectors for the United States Public Health and Marine Hospital Service had entered the city, coming directly from Mississippi.

On meeting one of these inspectors, Dr. J. A. Egan, secretary of the state board of health, advised him of the action taken by the state of Illinois and by the city of Calvo and stated to him that Marine Hospital inspectors direct from infected districts in the south could not enter either the city or the southern part of Illinois.

A few hours later Dr. Egan received a telegraphic communication from

TORRENTS OF WATER DRENCH THE CAMP

Much Havoc Wrought by Storm at Camp Yelzer This Morning.

Governor Beckham and Staff Arrive and Were Cordially Welcomed Last Night.

FIRST REGIMENT TO LEAVE

A heavy wind and rain storm struck "Camp Yelzer" about 9 o'clock this morning doing considerable damage, but none of any serious consequence. Lightning also performed pranks and scared the soldiers as much as if the camp had been attacked by an enemy.

The storm started with a light rain, which increased until it became a downpour followed by a heavy wind, loud thunder and flashes of lightning. The wind laid a large number of tents on the ground, nearly every mess tent going down. At general headquarters, where pandemonium reigned, two tents occupied by guests fell. In one Col. Leonard and Col. Seabee were sleeping and were caught inside their tent when it succumbed to the wind. Assistance was sent to them any they were extracted from their very uncomfortable position.

Col. Hindman's headquarters were hit by lightning but no damage resulted with the exception of a fuse being blown out and the tent taking fire. It was extinguished by the rain. Two or three electric light poles were struck but the damage was light.

At hospital headquarters Capt. Meyers' tent was blown down but there wasn't anything damaged.

The rain drenched everything. The signal service corps and a large squad of soldiers worked in the rain rearranging things. They got soaking wet. Afterward they were sent to the hospital and each given a dose of quinine to prevent them taking sick.

The rain put the cemetery out of business for a short time, but it was going again as soon as it could be drained.

All the horses were turned out of the corral, which went down a few minutes later. The telephone lines were so badly damaged that not a phone was working after the storm.

The camp has a natural drainage and two hours after the rain the grounds were practically dry.

Breakfast was delayed until 10 o'clock, but it was finally served and the boys ate heartily.

Morning Routine Suspended.

The morning routine was entirely suspended, but if it rains no more the governor's review will take place in the baseball park promptly at 5:30. This will conclude the work for the First Regiment, as it leaves at 8 o'clock tonight on a special train for Louisville. Before leaving, however, all soldiers' tents will be taken down in order to air them and the grounds. The Third will have to put them up when they arrive tomorrow evening at 6 o'clock. Col. McCormack ordered the tents down as a sanitary measure.

The Governor Here.

Governor J. C. W. Beckham and staff arrived at 6:40 o'clock yesterday evening. The special car was run to Eleventh and Broadway, where it was met by automobiles. The party

Past-Assistant Surgeon Young, from Jackson, Mississippi, calling upon him to direct the Illinois inspectors to admit Marine Hospital inspectors into Calvo and to permit them to make regular relays in the city on their inspection trips from Mississippi points. Dr. Egan promptly wired Surgeon Young, declining to give such instructions to Illinois inspectors and advising him of the nature of the quarantine orders relative to persons coming from Louisiana and Mississippi, and further stating that no exceptions could be made to the regulations.

TOBACCO MEN LOSE MANY THOUSAND

J. W. Farmer & Co., and Z. C. Graham & Co., Lose Mammoth Warehouses.

LOSS ESTIMATED AT FROM \$45,000 TO \$100,000, PARTIAL INSURANCE

The Rehandling Houses of Herndon & Co., and Tucker & Co., Also Destroyed.

One of the most destructive fires to occur in Paducah in several years was that last night which destroyed two of the largest warehouses and two of the largest rehandling houses in this end of the state—the warehouses of J. W. Farmer & Co. and Z. C. Graham & Co., 926 and 928 Broadway, and the rehandling houses of T. H. Herndon & Co. and Tucker & Co., in the rear, entailing a loss estimated at anywhere from \$50,000 to \$100,000 with partial insurance.

The fire originated about 9 o'clock in the boiler room of the Herndon rehandling house, in the southwestern part of the Graham warehouse, and spread with remarkable rapidity towards the other buildings, at the same time seeming to race through the vast barn-like structure in which it started, with irrepressible fury.

Central fire department was first on the scene but other alarms soon had Paducah's entire fire equipment at the conflagration. Some of it was who first saw the blaze declare that they never saw a fire spread so quickly, and all the water in town could not have saved the buildings.

The blaze evidently started in the furnace room of the Herndon rehandling house. The furnace and boiler were used in steaming tobacco, and yesterday there had been a fire in the furnace.

The buildings were large structures with thousands of feet of dry lumber in them. They burned like kerosene, and the blaze could be seen for miles. Hundreds of people rushed to the fire, but it was impossible to save any of the tobacco. Many were compelled to return home on account of the excessive heat, and several colored men are reported to have been prostrated by the heat, in addition to the one who died.

The fire was not only a hot one, but a quick one as well, and in an hour the only thing left of the two big warehouses was the burning timbers around the edges. Practically nothing was saved.

The office of Farmer & Company, which is a separate building, was damaged, but not destroyed, and the big shed in the rear of the office, which is unenclosed, was also damaged, but very little.

A small frame house next to the Graham warehouse on Broadway and one just behind it on the same side, were burned, but the loss is slight. In one of them resided Jack Hays, the colored man who died from heat prostration while fighting the fire.

The greatest loss, however, was the hundreds of hogheads of tobacco in the warehouses. It is not known exactly how many there were, but there were doubtless between 500 and 800 hogheads, and the average value of a hoghead of tobacco is \$90. The tobacco belonged to various persons, including out-of-town buyers. It was most all insured.

The building occupied by J. W. Farmer & Company was owned by Mrs. T. H. Puryear and was valued at \$12,000. There was \$8,000 insurance on it. The building was erected fifteen years ago for W. L. Burnett & Company, and had always been used as a warehouse. Whether it will be rebuilt or not has not been decided. If it is, a much smaller building will be erected.

The tobacco in the Farmer warehouse will be removed to the W. A. Mart stemmery at Tenth and Madison and rehandled in an effort to save some of it.

The firm of J. W. Farmer & Company is composed of John W. Farmer, of Murray, Ky., and Samuel T. Hubbard, of Paducah. It succeeded the firm of Farmer, Graham & Allison.

The walls of Judge W. M. Reed's residence, opposite the Farmer warehouse got so warm on the inside that they could not be touched. The occupants of all the dwellings in the neighborhood brought their garden hose into use and played them on residences.

Capt. Thomas Herndon had between fifty and one hundred hogheads in his rehandling house, and

estimates his loss at between \$5,000 and \$8,000. The amount of insurance is unknown. The building occupied by him and Mr. Graham was valued at about \$10,000 and was insured. It was owned by A. J. Gilbert, of McKenzie, Tenn.

J. W. Farmer & Co. today estimated their loss at 450 hogheads of tobacco, 150 of which belonged to brokers. The monetary loss is about \$45,000, partially covered by insurance.

Officers Potter and Gourieux were among the first to discover the fire and turn in an alarm. They passed the building a short time before the blaze broke out, and saw no evidence of it then.

Many people were at Wallace park when the fire broke out, and in a short time the park was almost deserted except for the crowd at the governor's ball. The street cars could not carry the loads that lined up to come to town. Many of the soldiers walked to town.

Some idea of the brilliancy of the blaze can be learned from the fact that it was seen as far away as Grand Rivers, Ky., 25 miles from Paducah, Travelling Engineer B. J. Feeny saw the blaze and hurried towards Paducah. He got a wire at one of the stations that the block on Broadway from 10th to the railroad was burning and became in a still greater hurry, as he boards along there. He says he has no doubt that the fire could be seen much further than Grand Rivers.

Chief Wood and his men deserve great credit for their work. They stood the heat heroically and some of the stationmen remained at their posts when they were almost too weak from the heat to stand up.

Some of the soldiers from Camp Yelzer also helped fight the fire, but there was little that could be done except keep the flames from spreading. Some of the soldiers who became too hot were taken to camp in an ambulance.

One of the dwelling houses burned faced Broadway and was occupied by Ella Brown and Willie Wilson, colored. They saved most of their household goods, as the fire started at the opposite end of the warehouse.

A prominent tobaccoist said today that there was not a tobacco buyer in the city of Paducah who did

(Continued on Page Four.)

MARVIN HART

Will Endeavor to Secure a Match With Fitzsimmons.

Louisville, Aug. 24.—Marvin Hart, the world's champion has gone to Philadelphia, where he will endeavor to secure a match with Fitzsimmons. The Cornishman has openly declared that he wants to meet Marvelous Marvin, and the chances are that his wish will be gratified. Hart will not engage in any little arguments, however, until the latter part of next month. He will then meet all comers and the chances are that he will have several opponents before he goes on with Gus Ruhla.

The New York Sun states that Hart has signed articles to meet Jack Jeffries, brother of the retired champion. The friends of Hart in this city, however, declare that such is not the case, and say that he will probably have Fitzsimmons for his first opponent.

Another Respite For Hoch.

Chicago, Aug. 24.—Johann Hoch, the convicted wife murderer, and alleged multi-bligmist, received another lease of life today when Justice Magruder, of the Illinois supreme court, granted a writ of supersedeas. Hoch's case will now be taken up by the highest law tribunal in the state. The decision will not be rendered until October.

Mayor Dunne Spoke.

Toledo, Aug. 24.—Mayor Dunne, of Chicago, made an address before the convention of the league of American municipalities today, in which he made a strong plea for municipal ownership of public utilities.

Do you want the writing machine that does the most perfect work?
Practical work of all kinds, all the time?
Do you want the one that saves the most time?
The speediest, simplest, strongest?
The one that far outwears any other make of writing machine?

Pitcher Breaks Arm.

Lexington, Ky., Aug. 24.—While pitching ball at Mount Sterling Frank Bonn, of Louisville, broke his arm. He threw the ball with terrific force, his arm cracked and dropped to his side. Examination showed that it was broken above the elbow.

No Break in Central League.

South Bend, Ind., Aug. 24.—President W. R. Carson of the Central league, states that the organization is enjoying the most prosperous season in its history and ridicules the idea of the circuit being broken by the organization of a new league to be composed of Ohio and Pennsylvania cities. Dayton, Canton and Springfield, which the promoters of the proposed league were urging to join in with Youngstown and Akron in Ohio and McKeesport, Bradock and Sharon in Pennsylvania have refused all offers and will stick to the Central. Manager Dennis of Terre Haute, has notified President Carson of the release of Pitchers Asher and Dunbar.

Terre Haute Lets Two Pitchers Go. Terre Haute, Ind., Aug. 24.—Pitchers Asher and Dunbar have been released by Terre Haute for economical reasons.

ALDERMEN MEET

A NUMBER OF NEW ORDINANCES COME UP FOR ACTION.

Also a Number of Old Ordinances Come Up for Second Passage.

The regular meeting of the board of aldermen will be held this evening at the city hall, but there will likely be little before the board outside the regular routine work.

Among the ordinances to come up are:

One for a railroad spur track to the Hardy Huggy company near 8th and Harrison streets, first reading.

Two ordinances regulating the running of street cars in the city of Paducah, first reading.

One preventing women from going into saloons, second reading.

One for the improvement of Yelser avenue from Ashbrook avenue to Hayes, second reading.

One for the improvement of Woodward street from Yelser avenue to Meyers street, second reading.

Ordinance exempting the U. M. & K. brick works from taxation for five years, second passage.

Ordinance for gutters and sidewalks on Tennessee street from 12th to 13th, second reading.

Second reading will also be given the ordinances regulating automobiles, and to one regulating the standing of vehicles on the streets of Paducah.

The bills from circuit court for \$120 for suits filed against the police, and for \$161.30 for suits filed against the city, will be presented to the aldermen.

SLEPT 100 DAYS.

The Case Has Baffled Doctors for Some Time.

Rutland, Vt., Aug. 24.—Baffling all attempts of physicians to awaken him, John L. Moore, aged 26 years, son of a well-to-do farmer of Concord, Vt., has slept steadily for 100 days at the Waterbury Insane Asylum.

Since May 13 it has been impossible to arouse the sleeper, though occasionally he mutters some incoherent word. When Moore went to the institution he weighed 160, now it is estimated that his weight is 110. He is very weak, but may live for many days yet.

Moore did his usual work about the farm until the last of April when his mind began to wander and, if left long alone, he would go to sleep. He was taken back to the Waterbury Asylum about May 1, and appeared to become more and more stupid until his long sleep began. When a small boy Moore got a bad fall striking on his head he showed only temporary injuries at the time, but the physicians think that this may have contributed to his present condition.

FAMILY OF SEVEN

Said to Have Been Drowned at Maysville.

Maysville, Ky., Aug. 24.—A man by the name of Gates, with his family of a wife and five children, it is reported here, were drowned Monday night about 11 o'clock between this place and Dover. Gates left here in a shantyboat intending going south and tied up for the night at a point below Ripley on the Kentucky side. The rising river caused the boat to break loose and float to midstream. A towboat coming up with empties struck the shantyboat, demolished it and the whole family is said to have been drowned.

COAL CONTRACTS

Awarded to the West Kentucky Coal Company Yesterday.

The board of public works has awarded to the West Kentucky Coal company the contract for furnishing the coal for the city light plant and for the steam roller. The bids of this company were \$1.15 per ton for the light plant fuel and \$2.50 a ton for the other.

Old Fellows Barbecue.

The Illinois Central Railroad company will sell tickets to Boaz, Ky., and return for 60 cents on local train leaving near Broadway and Eleventh street at 7 a. m. Saturday, August 26, returning on train leaving Boaz at 4 p. m. same day.

Theatrical Notes

Friday night, "Lord Baltimore."
Saturday matinee and night, "On the Bridge at Midnight."

The first show of the season will be J. N. Rentfrow's latest success, "Lord Baltimore," which comes to The Kentucky for tomorrow night only.

The bill is a realistic sensational comedy drama in four acts, full of fun and startling scenes, with new and up-to-date songs; the music is bright and catchy.

The specialties introduced between each act are by high class vaudeville artists and are well worth seeing.

The public is invited to come out tomorrow night and see the many improvements that have been made on the theatre since last season, and also a first-class performance.

Extraordinary excellence in story, plot and scenery are a idiom found in the plays of a melodramatic tinge, but George Klimt and Frank Gazzolo are said to have succeeded in achieving this rare union in, "On the Bridge at Midnight," at The Kentucky Saturday matinee and night.

DOROTHY

This story is in every respect the best we have ever produced. The plot of the story is told in the most captivating and fascinating style and will hold the interest of the reader from the first to the last chapter. That we do not exaggerate in our statement the most skeptical of our readers will admit.

Read It

Kitchen Troubles and the Remedy.

Only a few years ago it was considered good form to encase the sink in wood thereby concealing the trap,

making it inaccessible and offering a place for the collection of filth and vermin.

If this condition exists in your household, let us remedy the trouble by installing a snowy white "Standard" Porcelain Enamelled Kitchen Sink. Our work is satisfactory and prices right.

Phone 201 ED D. HANNAN 132 S. 4th.

HEAVY SENTENCE.

Imposed on Officer Brown, Who Tried to Shoot a Conductor.

Officer Brown, the negro who attempted to shoot Conductor Mullin on an I. C. train last September when the conductor tried to prevent Brown from carrying an another negro, was tried a second time for the offense at Eddyville, Lyon county, yesterday and given a life sentence, as at the other trial. After the first verdict he was given a new trial.

He was given a life sentence under the law which makes life imprisonment possible upon a third conviction for felony, if the commonwealth desires it. Brown has served terms at Eddyville twice before. He was captured here after attempting to shoot the conductor by Officer Henry Singery.

HELD UP AWHILE.

Capt. H. B. Davis' Suit Not Filed Against Elks Association.

Col. John K. Hendrick left this morning for Eddyville, Ky., to attend court, and stated that he intended to file the suit of Architect Clinton B. Davis of Louisville, against the Elks Building Association, of Paducah late yesterday, but received a telephone message to hold it up, and he does not know when it will be filed now.

He said that he did not know the exact amount that would be asked in the suit, which was to be based on the association's awarding the contract for plans for the Elks' new building to Architect Davis, and then giving it to someone else, but thought it would be for about 2 1/2 per cent. of the cost of the building then planned—\$40,000, or about \$1,000.

Fire at Tamm, Ill.

Chgo., Ill., Aug. 24. A fire believed to have been of incendiary origin destroyed the store of Hymeyer and Morton, at Tamm Tuesday night, causing a loss of about \$10,000. The building was owned by Mr. Oscar Tamm and was valued at about \$7,000. It was insured for this amount. The contents were valued at \$7,000 and were insured for only \$1,000.

THE WESTERN BANK WAS ALMOST SAVED

By Noon That Day It Would
Have Had \$400,000.

Understood a \$80,000 Loan Caused
the Resignation of W. B. Smith,
Former President.

BANK EXPECTS TO RE-OPEN.

Two changes were to have taken place in the directorate of the Western National Bank on the day it was closed by Examiner Garrett, and preparations had been completed to secure \$400,000 to be used in raising the reserve funds and insuring the depositors. Says yesterday's Courier-Journal. A meeting of the board of directors to make these changes was to have been held Monday morning and at that time E. C. Hegan and A. C. Montenegro were to have taken their seats in the board of directors. Mr. Montenegro and Mr. Hegan had agreed to furnish \$200,000 with which to bolster up the bank's condition, and the remaining \$200,000 was to have been secured from three banks. It is said that W. B. Smith, the former president, who is still a member of the board of directors, had agreed to furnish \$25,000 of this amount.

Closing of the bank by Examiner Garrett came as a severe blow to the directors and board of directors who believed by yesterday that they would have been able to reach the required 25 per cent reserve fund. Among the directors who were to retire in order that Mr. Montenegro and Mr. Hegan might be admitted was Dr. J. W. Fowler, secretary of the board. The other director who had agreed to retire is not known.

Under the plans prepared by Mr. Jefferson, Mr. Hegan, Mr. Montenegro and other members of the board of directors, the bank was to have been in excellent condition not later than yesterday morning. Three Louisville banks had agreed to furnish \$25,000 at the same time. Mr. Montenegro and Mr. Hegan were to secure the remaining \$300,000 not later than yesterday morning. This sum would complete the \$400,000 necessary to place the bank in a position to operate without difficulty or question.

Mr. Garrett's action was additionally a surprise from the fact that he was present at the meeting of the board of directors and heard the plans for rehabilitation discussed. The cause of his sudden decision to close the bank before these plans could be carried into effect is unknown.

Rumors have gained ground since the closing of the bank that differences over a loan of \$50,000 had led to the resignation of the former president, W. B. Smith.

The sum in question was a loan of \$50,000 which had been made in place-ment, but virtually all to one firm, a firm of tobacco manufacturers. The members of the board of directors held no sum should be loaned to any one firm or person in excess of \$20,000, and when the loan in question reached \$50,000, the board objected. Later Mr. Smith is quoted as saying that his methods of doing business did not seem satisfactory to many of the stockholders in the bank. Rumors of the difficulty over this loan had escaped, and are said to have been the primary cause of the change in presidents.

Since this loan was made, it is said that it has proved absolutely valid collateral furnished by the debtors is said to be perfect, and although an effort has not been made to collect all this paper, it is understood that it can be taken up as soon as it falls due. So far it was stated by a member of the board of directors, the bank has been encumbered with but one piece of absolutely worthless paper. This was a note for \$4,000 given by an iron and junk merchant named O'Brien, who later became a bankrupt. It has been impossible to realize anything on this note.

Under the regulations governing a closed bank, the control of the institution has now passed from the board of directors. Examiner Garrett is in absolute charge until Mr. Thornton, the receiver, arrives. At that time Mr. Garrett will surrender his power to the receiver, who will attempt to settle the business of the bank. So far as an organization is concerned, the board of directors of the Western National Bank does not exist, but the same body, augmented by Mr. Montenegro, Mr. Hegan and others who are interested in the institution, will hold a meeting in the next three days to devise ways and means of renewal. Not one of the board of directors can be found who is not confident that the bank will again open its doors in its new building.

BOARD OF WORKS

WANTS THE STREET INSPECTOR
TO HAVE BETTER WORK
DONE.

Not Much Business Transacted at the
Regular Meeting Which Was
Held Yesterday.

The board of works at its regular meeting yesterday afternoon, took occasion to call down Street Inspector Alonzo Elliott for the inferior class of work done in "cleaning up" the streets and gutters. The board ordered written notices served on him that the present results of his department were unsatisfactory, and that something better was expected, or the board of works would let the contract to outside persons.

City Engineer Washington was ordered to hurry various matters that have been from time to time referred to his department, and not reported on, and also to attend all the meetings of the board.

A request was made of the Water company to lay 100 feet of mains for the basket factory on Caldwell street.

A request from the Barrett company for permission to erect an awning on South Second street was referred to the city engineer.

A petition from property owners was received in which they agree to dedicate property necessary for a street between Hushanda and Horkman to Seventh and Eighth streets.

The city solicitor was ordered to prepare an ordinance for the extension of Nineteenth street from Madison to Monroe.

The solicitor was also instructed to have an ordinance prepared for curbing and gutting Elizabeth street from Third to Fourth on both sides and on both sides of Fourth to George street.

The city engineer was ordered to investigate the quality of brick used in the building of man holes in Paducah.

METHODIST COLLEGE.

Central City Makes a Big Bid For
the Institution.

Central City, Ky., Aug. 24.—A called meeting of the Commercial club will be held in the city hall Friday night, to take further steps towards securing the Methodist college for Central City. Three sites of fifty acres each have been offered, one free for five years, and \$20,000 in cash has this far been guaranteed to build the college, and will not be satisfied unless a guarantee cash amount of \$20,000 or \$30,000 can be secured. Merchants, operators, miners and citizens in general agree that Central City has the college, regardless of all expense.

FOUR KILLED

By Explosion of Fifteen Kegs of Powder
Poured Into a Hole.

Pikeville, Ky., Aug. 24.—An explosion occurred in a rock out on the railroad on Marrowbone creek, which resulted in the killing of Joseph Perkins, a contractor, and three helpers. Fifteen kegs of powder had been poured into a hole and it is supposed tampering the shot caused the explosion.

Murray Wants Railroad.

Murray, Ky., Aug. 24.—A mass meeting was held at the court house in Murray to discuss ways and means of securing for Murray the proposed Cairo and Cumberland Gap railroad, now under construction from the Cairo terminal. Nat Ryan was elected chairman and A. Q. Knight secretary of the meeting. The following committee was appointed to wait upon the company, and investigate the movement of building and take such other steps as would, in their judgment, bring said road through our county seat. The committee consists of Nat Ryan, E. S. Duguid, E. P. Phillips, W. O. Warr, S. H. Dees, R. T. Wells, Chas. L. Morris and J. D. Rowlett.

The meeting then adjourned to meet Monday night week.

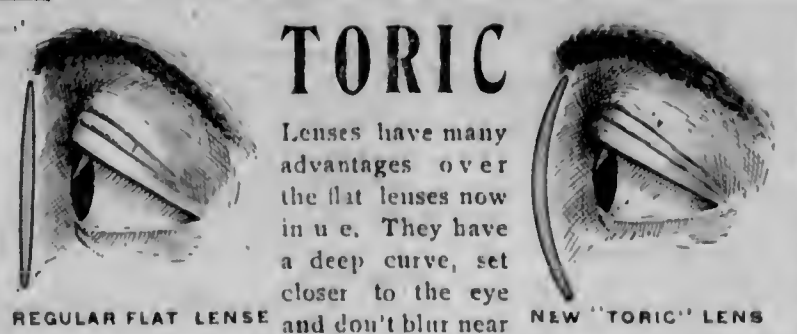

Glasgow Taxpayers Stamped.

Glasgow, Ky., Aug. 24.—Frank A. Lucas, auditor's agent for the state-at-large, has created somewhat of a stampede among the taxpayers of this county by notifying 300 of them of personal property omitted by them, ranging in amounts from \$300 to \$50,000, and running from one to five years.

Sheriff George T. Parry has been notified by Auditor S. W. Hager that he will be held responsible for all these delinquencies, together with the penalties on same and has so notified Lucas, Lucas, however, says he is acting entirely within the scope of his duty under the law and that every delinquent who fails to settle with him before August 31, will be sued.

Yucatan Chill Tonic

Perfectly Made IMPROVED Positively Cure

A medicine to produce results must be made right. Tasteless Chill Tonics are not and we will prove it. No two bottles of Tasteless Chill Tonic have the same amount of medicine, so the dose is uncertain. At least 20 percent of the medicine remains in the bottle. A tasteless Chill Tonic cannot usually be retained as it irritates the stomach. More potent action. They are not reticent, as the acids dissolve the coating that seals the bottle. Then every time a dose is taken that awful clicking of the bottle. Tasteless Chill Tonic, (then) One bottle is worth a dozen of the tasteless kind. Yucatan is the only tonic that drives the malarial germs out of the system. Wonderful results when used in cases of typhoid and malarial fevers. Physicians who wish to prescribe this tonic under an ethical name will receive valuable information and literature by addressing:

Price 50 cents. Sold by all dealers.

HIGHWAY ROBBERY

IS CHARGED AGAINST YOUNG
MAN ARRESTED HERE.

He Was Taken Back to Murray and
Executed a One Thousand Dol-
lar Bond There.

Regarding the arrest here night before last of Jamie Gilbert, who was taken to Murray yesterday, the Murray Ledger says:

Warrants were issued last Monday for Joe Pitterback and Jamie Gilbert, charging them with the grave crime of highway robbery. The warrants were sworn out by Dennis Cummings and Vernon Phillips, of the Linn Grove vicinity.

As near as we can get the facts in advance of the examining trial, they are as follows: On last Saturday, on the state road, Phillips and Cummings were accosted by three young men in a buggy who asked for some directions, which were given; one of the three then approached Phillips and Cummings, who were in a buggy, under the pretext of obtaining more specific instructions. After passing a few words he demanded that Cummings and Phillips throw up their hands and emphasized his demand by firing his pistol twice close to their heads. They complied with the demands and he then searched them, but as we understand only obtained some small change. Pitterback was placed under a \$1,000 bond. Gilbert was arrested at Paducah Monday night by the police, and brought to Murray Tuesday, where he executed bond in the sum of \$1,000.

Clarksville Tobacco Market.

Clarksville, Tenn., Aug. 24.—The local tobacco market is firm and active with a sharp advance in price. The receipts this week were 142 hogheads, offerings on the break 56 hogheads, public and private sales 354 hogheads. The following prices are quoted:

Low bugs,	\$3.50 @ 4.00
Common bugs,	4.00 @ 4.25
Medium bugs,	4.25 @ 4.75
Good bugs,	4.75 @ 5.25
Low leaf,	5.00 @ 6.00
Common leaf,	6.25 @ 7.00
Medium leaf,	7.50 @ 8.50
Good leaf,	9.00 @ 10.50
Fine leaf,	11.00 @ 12.50
S. sections,	13.00 @ 15.00

To Comm. Vote.

The Democratic county committee has been called by Chairman Berry to meet Friday night to canvass the recent primary vote and award certificates of nomination.

McPherson Says:

There is nothing equal to the luxury of a good bath. This "luxury" can only be enjoyed when you use the proper requisites. Our stock of soaps, bath brushes of all kinds, sponges, spray and massage brushes, bathing caps, sponge and wash rag bags, toilet water, talcum powder, etc., is larger and better assorted than ever before.

Dorothy Dodd

Dorothies Talked About

"And This is What She Said."

While strolling down the street one day I passed a group that seemed quite gay, Of merry, laughing girls; And one girl cried, "Come help me choose A pair of patent leather shoes— Let's all go down to Rock's."

"I want my feet to be admired;
"I want them never to be tired.
"And there they fit me, girls.
"It's DOROTHIES they sell, you know,
"And that is why they please me so—
"Let's all go down to ROCK'S."

We have the swellest line of shoes ever brought to Paducah. Come take a look and satisfy yourself.

Magnolia Blossom

Owes Her
Life to

Magnolia Blossom

Mrs. W. A. Hatfield, of
Buckett, Ind., says:

I suffered for years with Falling of the Womb and Ulceration after doctoring with some of the best doctors and trying everything else with no benefit, until two years ago I began using your MAGNOLIA BLOSSOM, and I can now truly say that I owe my life to it. Every suffering woman would not only receive permanent relief, but would save hundreds of dollars in fruitless doctors' bills if they would use MAGNOLIA BLOSSOM. It is a pleasant treatment, and can be used by the patient at home. Ladies, take my advice and treat yourselves and believe me a true friend to suffering women. Yours truly,
MRS. W. A. HATFIELD, Buckett, Ind.

WHY DO WOMEN SUFFER?

And from day to day endure all those racking and distressing complaints so common to the sex? Because they dread medical treatment of examinations, and prefer to suffer on in silence rather than submit to them. To this class a simple home treatment like MAGNOLIA BLOSSOM is welcomed as a blessing. Hundreds of women and girls whose life had been one continuous burden have been restored to health and strength by the use of this famous specific. One dollar for one month's treatment places it within the reach of all. Write the South Bend Remedy Co., South Bend, Ind. Our book entitled a "Book for Women" sent free to any address. Valuable medical advice from our lady physicians sent free of any cost whatever.

Sold by W. B. McPherson, Druggist, Fourth and Broadway.

Daily Thought.

Everything is waiting and watch-
ing you to see what signal you hoist
from within—you attract that which
you desire to attract.—Gilbert Hub-
bard.

THE STITCH 'N TIME WASN'T
TAKEN.

It is unfortunate that sensible
people in Paducah could not have had
their way in the matter of quarantine
and saved all this confusion and
trouble to the business interests. By
"quarantine" is not, and was not,
meant a door closed to people who
desired to come here. It simply
meant the employment of inspectors
to see that persons entering the city
had a health certificate, and the
main object in this was to induce
other cities not to quarantine against
Paducah.

But nothing of the kind was coun-
tenanced. Our brave, intelligent
board of health opined that there was
no danger of yellow fever, and tena-
ciously clinging to that opinion,
completely lost sight of the danger of
finding Paducah and her people bar-
red from other places.

The result of their folly is now
manifest. Paducah has to send the
mayor down to Cairo to plead with
the authorities to open the door to
us, and allow people with Paducah
health certificates to go there.

We can't consistently blame Cairo.
They are spending considerable
money down there to keep out the
scourge, and all the expense and ef-
fort would be in vain if people com-
ing into Paducah from the south
without health certificates, were per-
mitted, by the use of health cer-
tificates obtained here to proceed on
to Cairo. It would be equivalent to
allowing refugees to enter Cairo
without a certificate.

There may be no danger either at
Cairo or Paducah of yellow fever,
but that does not alter a jot or tittle
the unenviable plight into which our
admirable, capable board of health
has gotten Paducah.

It is not too late to rectify matters
to some extent. There are at least
two months more of the pestilence to
be expected in the south, and in the
meantime the quarantines are likely
to be kept up. Every day that Padu-
cah salesmen and citizens are shut
out of other places means a consider-
able loss of business. The city should
establish an inspection quarantine,
not because it is necessary to keep
out yellow fever, but because it is
advisable to protect our business in-
terests.

THE REPUBLICANS AND IRRIGA-
TION.

President Roosevelt's letter to the
irrigation congress at Portland was,
it is said, received with "rounds of
applause." It ought to have been,
says the Globe-Democrat. The
President not only signed the national
irrigation act of 1902, but he did
more than any other one man to-
ward getting it through congress.

His words, in his first annual
message, that of 1901, urging irrigation,
gave encouragement and direction
to that policy's advocates, and se-
cured for it a majority of each branch
of congress.

The irrigation law of 1902 con-
tributed very materially to the im-
mense majority which Roosevelt re-
ceived in the West in 1904. The
clean sweep of the states west of the
Mississippi, except Texas, Arkansas
and Louisiana, was the West's re-
sponse to the Republicans' irrigation
act. Strictly speaking, there was
no politics in irrigation. Men of both
parties voted for it. But it was a Re-
publican who gave the irrigation
movement the momentum which sent
the bill to enactment. A Republican
congress passed it. A Republican
President signed it. It was put in
operation by a Republican adminis-
tration. Hundreds of thousands of
votes for the Republican party in the
presidential election last year was made
by it.

A Republican congress and Presi-
dent enacted the free homes law of
1862. A Republican congress and
President put the national irrigation
act of 1902 on the statute book. The
irrigation law fully supplemented the
free homes act. The law which Lin-
coln signed added millions to the
population of the West. Roosevelt's
act of forty years later will create
an empire in the arid region, make
the desert blossom and fill up the
West's waste places with homes. In
the winning of the wilderness from
the westerly line of the Dakotas,
Kansas and Nebraska onward to the
line of the Sierra Nevada, the coast
and the Cascade mountains, the na-
tional irrigation act of 1902 will be
a dominant factor.

Kentucky may well feel proud of
her officers and soldiers, particularly
the First Regiment. The militiamen,
generally speaking, are a well-
behaved, well meaning lot. Their
discipline is good and they have been
well instructed and efficiently drilled.
The Louisville Legion has fully dem-
onstrated that our soldiers are gen-
tlemen, and Louisville should be
proud of both her officers and men.
They cannot be more pleased with
Paducah than Paducah is with them.

It is a pity the general council,
when it had a chance a few days ago,
didn't dispense with the cranks in the
board of health. It knew the board
was opposed to any kind of a quar-
antine for any purpose and yet with-
out hesitancy re-elected it, with two
exceptions.

ALLEGED BOOTLEGGER.

Everett Byrd, white, was arrested
yesterday at Columbus, Ky., by De-
puty U. S. Marshal G. W. Saunders on
a charge of selling whiskey at a negro
barbecue August 15th, and brought
to Paducah last night. Today he was
tried before United States Commis-
sioner W. A. Gardner and held to an-
swer, and in default of a \$200 bond
went to jail.

Deputy Marshal Saunders will go
to Mayfield this afternoon to see his
wife. He has been away from home
two weeks now, the longest time
since he was married fifteen years
ago.

CITY ASSESSMENT.

Assessor Dick Will Be Ready at the
Regular Time, Sept. 15.

City Assessor W. S. Dick is pre-
paring for the annual city assess-
ment which begins on September 15.
He will have his books on hand by
that time, and hopes that the prop-
erty-owners will come up more rapid-
ly this year than heretofore. For-
merly the assessor had to go to each
property owner for his list, but under
the present charter the property
owner has to take or send the list in
to the assessor, and many of the
property owners have not become
used to the change.

Got By Cairo.

Cairo, Ill., Aug. 24.—Cairo's lat-
est quarantine order, which requires
every one entering the city to first
secure a permit from either the state
or city officers here, will go into ef-
fect Saturday morning. The state in-
spectors here are confident they in-
spected a steamboat recently which
carried the yellow fever to Gregory,
Mo. The boat was filthy and the
crew had no certificates. Two men
put off in a skiff. The captain was
asked about them, and he replied
that the men were sick with mala-
ria. The health officers started in
pursuit in their launch, but the men
reached the Missouri shore and dis-
appeared. Watch was kept on the
steamboat, but she carried no lights
and was soon out of sight. It is be-
lieved she eluded the officers and
proceeded up the Mississippi.

START SAVING TODAY

By making a deposit with the
PADUCAH BANKING CO.

MEMPHIS, TOO

THE TENNESSEE CITY QUARAN-
TINES AGAINST PADUCAH
FOR LAX METHODS.

"The Open Door" Policy Makes Pa-
ducah Dangerous to All of West
Tennessee.

Memphis has joined Cairo in her
quarantine against Paducah, as was
forecasted a few days ago. The ac-
tion was taken yesterday. Today's
Commercial-Appeal says:
The state board of health yesterday
quarantined against Paducah, Ky., as
was forecasted in yesterday's Commer-
cial-Appeal. The same reason is ad-
vanced for this quarantine as the
one raised in the Fulton case.
An indiscriminate issuance of regis-
tration papers and an open door
policy has made it dangerous to re-
cognize permits and the doors of West
Tennessee are closed tight to both
Kentucky towns.

TOBACCO PLANTERS.

Mayfield Growers Hold Interesting
Meeting Monday.

Mayfield, Ky., Aug. 24.—The Dark
Tobacco Growers of Graves county
had one of the most enthusiastic to-
bacco meetings in the history of the
association at the court house Mon-
day afternoon. The house was crow-
ded and several enthusiastic speech-
es were made by local talent. Besides
these speeches the assembly was ad-
dressed by Dr. J. W. Dunn and Mr.
W. M. McNeely, of Robertson coun-
ty, Tennessee.

Pledges were made of 800 acres
of Graves county tobacco of the 1905
crop.
This week's speeches by gentle-
men from Robertson and Montgom-
ery counties, Tennessee, are being
made all over Graves county. The
farmers of the county and discor-
d are flocking to the organization and
every indication points to success-
ful history of the association.

EIGHTEEN DROWNED.

In Foundering of the British Bark
Hidston Hill.

Buenos Ayres, Aug. 24.—A re-
port has been received here of the
foundering of the British bark Hid-
ston Hill. The report states that 18
of the crew were drowned. The re-
minder who were saved are expect-
ed to arrive at Buenos Ayres by one
of the Argentine steamers.
The Hidston Hill was a four-masted
bark built in Liverpool in 1886 and
owned by the Sailing Ship Hidston
Hill company, Limited, of Liver-
pool. She was commanded by Capt.
Jones and was 2,431 tons measure-
ment. She sailed from Hamburg
May 19 for San Francisco and was
last spoken on June 11.

Snow In Kansas City.

Kansas City, Mo., Aug. 24.—Capt.
John M. Sigworth, army paymaster
in Kansas City, whose office is in the
Shelley buildings, says he saw snow-
flakes here at 2 o'clock Tuesday af-
ternoon. The thermometer at the
time registered 79 degrees. Two
clerks in Capt. Sigworth's office say
they also saw the snow. The flakes
melted before they reached the ground.

Capt. Sigworth's office is on the
fifth floor and faces on Ninth street.
Atmospheric conditions found in no
other part of the city exist in that
street, which at that point resem-
bles a small canyon. R. L. Anderson,
assistant in the weather bureau,
says he saw the phenomenon, but
thought it was hail melting.

To Banquet Bryan Sept. 15.
Chicago, Aug. 24.—Arrangements
have been made by the Jefferson
club, for a farewell banquet here
September 15 to William J. Bryan
previous to his departure for a tour
around the world. Besides Bryan,
Governor Douglass of Massachusetts,
ex-Governor Hogg, of Texas, former
Senator Pettigrew, of South Dakota,
have been invited.

Most Fragrant

TOBACCO MEN
LOSE THOUSANDS

(Continued from First page.)

not lose some tobacco. It is impos-
sible to now determine the exact loss,
or the amount of insurance, but it is
believed that the tobacco is fully cov-
ered by insurance.

It is not known how much of the
tobacco is now worth anything, as
after sometimes injures tobacco as
much as fire.

Col. Thomas Herndon said lat-
er today that he had between 70 and 80
hogheads in the Z. C. Graham & Co.
warehouses, where he had his rehand-
ling establishment. The value of the
tobacco is estimated at between \$7-
500 and \$8,000, and was insured for
three-fourths value. Herndon & Co.
also lost about \$1,500 of machinery,
only partially covered by insurance.

The first of this month the inspec-
tor's report showed that there were
718 hogheads in both the ware-
houses.
There were probably 250 or 300
in the Graham warehouse, and this
afternoon one estimate of a promi-
nent tobacco man is that the total
loss on tobacco will be about \$65,000,
which is a little higher than some
think it will be.

Seven telephones were burned out
by the fire, but will be working again
today.

Chief of the Fire Department Jim
Woods said this afternoon that it
was the hottest fire he ever fought
in his life.

The firemen were kept at work at
the ruins until 4:30 o'clock this
morning, and taken off and allowed
to rest until noon today, when they
were put back in order to extinguish
the smoldering tobacco and debris.

Many of the firemen were tempo-
rarily ill from the terrible ordeal to
which they were subjected, but for-
tunately not seriously so.

Chief Woods says that the mem-
bers of company E, of the First reg-
iment are entitled to the thanks of
the entire city for the good work
they did in fighting the fire. The sol-
diers were on the firing line from the
start, and never flinched or com-
plained. They fought side by side
with the firemen like veterans, and
Chief Woods thanks all the soldiers
who aided, he especially thanks the
company named.

Some of the sparks from the fire
went as far as Fourth and Madison
streets, and threatened many houses
that have shingle roofs.

Seven of the soldiers were taken
to the hospital in camp last night,
and of them unconscious from hard
work and heat. They were revived,
however, and are now better.

The Insurance.

A list of all the insurance on the
buildings and contents shows that
there is over \$56,000. A list of the
insurance held by the owners of the
property and of tobacco stored
therein, is as follows:

INDIANS BACK.

They Expect to Do Some Better
in the Game Here.

The Paducah and Vincennes clubs
arrived in Paducah this morning,
and will play a series of six games
here. The Indians, according to
members of the team, have been
badly disorganized by illness and in-
jury and have been playing two
pitchers in the field.

Potts has been sick and McClain

USED TELEPHONE.

Foreclosed Cyclone and Saved Sev-
en people From Death.

Winona, Minn., Aug. 24.—It is the
use of a telephone the family of
Frank G. Saunders, consisting of sev-
en persons, was saved from death
by a cyclone, which did great dam-
age to buildings and crops in this
country. The family was eating din-
ner when a neighbor telephoned
that a funnel-shaped cloud was
sweeping toward the house. The fam-
ily ran to a clump of willows where
they lay face downward. They had
scarcely reached the place before the
storm lifted the house from its founda-
tion and dashed it to the ground
some distance away, with hardly a
board unbroken.

TOBACCO AT MAYFIELD.

The Sales and Prices of the Week.
Mayfield, Ky., Aug. 24.—The
market this week was lower than
last week and the prices were a
couple of bids, considering grades
of tobacco lower than last week.
There were sold Tuesday 118 hog-
heads of leaf at an average of \$5.63
and 23 hogheads of lugs at an av-
erage of \$4.17 2-5 per hundred.
Last week 27 hogheads of leaf
sold for \$6.08.11 and there were no
lugs sold. Last year 17 hogheads of
leaf sold at an average of \$4.22 per
hundred.

People and
Pleasant Events

Dance Last Night a

Very Delightful Affair.

The dance at the Wallace park pavilion last night given by the young society men of the city complimentary to Governor Beckham and his staff and the First Regiment soldier boys was one of the most enjoyable affairs of recent years. The crowd was large and thoroughly representative.

The governor arrived at the dance at 10 o'clock, escorted by his staff, Col. Hindman and his staff, the buglers and the regimental band. A military drill similar to the one of the Second Regiment band was executed and the buglers played the salute to the colors after which the staff officers executed a pretty sword drill under the command of Colonel Hindman.

A reception was held for a few minutes to allow the governor and his party to meet the people, after which the governor led the grand march with Mrs. Harry Tandy. The german was danced and was led by Saunders Fowler. Deal's orchestral band furnished music.

A number of the wives of the staff officers were present, among them: Mrs. D. Y. Beckham, Mrs. T. A. Hall, Mrs. A. T. McCormack, Mrs. Noel Gaines, Mrs. H. T. Gaines, Mrs. Matt Ayres and Mrs. Harry Tandy.

Dr. Howell Honored.

Dr. I. H. Howell, has been appointed to a chair of Special Pathology in the Vanderbilt University dental department. Dr. Howell has held the same position with the University of Tennessee at Nashville for six years, but has resigned it to accept the one with Vanderbilt. Vanderbilt University has the reputation of being one of the foremost universities in the south and this appointment is fitting recognition of Dr. Howell's professional ability, as well as a source of gratification to his many friends.

A Pleasant Affair.

Miss Caroline Ham entertained with a delightful luncheon at Wallace park on Wednesday evening. Those present were: Misses Hattie Settle, Hattie Yancey, Caroline Ham, Mrs. M. E. Ham, Mrs. W. J. Dymms, Mrs. J. W. Kidney, Messrs. Cox, Bratt Kennedy, G. E. Wilson, Dr. G. H. Froage and Captain Frank Maddox.

Indiana Miners on a Strike.

Brazil, Ind., Aug. 24.—The miners at mine No. 2 refused to go to work this morning because the company declined to discharge the engineer. The miners claim the engineer is reckless and caused the death of a miner in the cage yesterday. The superintendent says the mine will be closed indefinitely.

The Staff Officers to Entertain.

The members of Governor Beckham's staff and the general brigade officers will give a dance Friday night at the Wallace Park pavilion to the society young people who have given the series of balls to the soldier boys. The lists for the dance are with Mr. Wallace Well and Mr. Edwin Paxton. There will be no formal invitations to the dance, and the staff officers wish it understood that all the young men who gave the two dances to the soldiers are invited.

Mr. and Mrs. Frank Schmidt, of Paducah, who have been the guests of Mr. and Mrs. John Youngbecker, on Second street, returned home last evening. Misses Burnet, of Paducah, returned home yesterday after a visit to Mr. and Mrs. L. C. Dallam. —Henderson Gleener.

Mr. Sidney R. Lemon left today for Paris, Tenn., and Callaway county to visit until Saturday.

Mrs. Jas. E. Wilhelm and three children went to Fulton yesterday afternoon to visit.

Mrs. J. M. Walton has gone to Milwaukee and Waukesha Springs. Miss Willie Willis has returned from Smithland.

Miss Verna St. John is visiting in Kuttawa.

Mrs. Frank Mantz and Miss Bessie Lane are visiting in Evansville, Ind.

Mrs. L. A. Lagomarsino and son John have gone to New York to spend several weeks.

Mrs. W. L. Burnett has returned from a visit to Trenton, Tenn.

Mrs. George Duley, daughters and son, of Smithland, are visiting Mrs. W. H. Edwards, on Washington streets.

Mr. T. A. Baker, cashier of the First National bank, is out again after a severe illness.

Mrs. Annie Street has returned from a visit to Tupelo, Miss., accompanied by her daughter, Mrs. John R. Walker, who is visiting here.

Miss Alma Kopf is visiting at Shawneetown, Ill.

Miss Bertie Hawkins returned today from a visit in Dyersburg, Tennessee.

Mr. Salem Cope has returned from

—Sam Patton, aged 24, and Mary E. Riley, aged 20, of the city, colored, were yesterday licensed to wed.

When religion is only a tool you are sure to get hold of it by the wrong end.

a visit to relatives in Fulton, Ky.
Capt. Henry F. Smith left on a business trip to Bowling Green, Ky., this morning.

Mrs. Emma Hart and Miss Julia Hart left this morning on a ten days' visit in Evansville, Ind.

Mrs. Armour Gardner and son, Mr. Chas. Cox, left for Dawson this morning.

Miss Mande Laganhuhl, of Louisville, returned home this morning after visiting friends in the city.

Master Hal Taylor arrived yesterday on a visit to his aunt Mrs. R. R. Winston of South 6th St.

Miss Willie Lamb, secretary of the Women's Foreign Mission society, of Louisville, is visiting her cousin, Mrs. J. William Fisher and will return tomorrow.

Hon. G. P. Thomas, of Cadiz, Trigg county, is in the city today on a visit. He is the republican nominee for county attorney in Trigg, and will likely be elected.

Judge H. C. Parsons and Mr. Elbert Wadsworth, of Boston, Mass., are in the city to complete the details of the public properties deal. They were here several weeks ago.

Mr. and Mrs. T. A. Baker left today for a visit to Bowling Green.

Mr. and Mrs. H. S. Wells of Kentucky avenue, leave this evening on a trip to Michigan.

Mr. L. P. Hend returned this morning from Denver, Colo., where he attended the grand lodge of Eagles as delegate from Paducah aerie. He reports a pleasant trip.

Mrs. Herman Friedman and son returned today from Chicago.

Mrs. C. E. Whitesides was taken ill from congestion at her home on North Sixth street yesterday, but is better today.

Dr. H. F. Williamson returned from Louisville this morning.

Mrs. J. V. Voris, daughter and two sisters, Misses Elsie and Berthelee Shelly left this morning on a trip to Dawson. The Misses Shelly will leave from there for their home in Texas.

Mr. W. J. Dickie and Mr. R. B. Black have returned home after an extended tour of the east and Canada.

Architect B. H. Davis, of Louisville, arrived last night and is in the city on business.

Miss Clara Miller, stenographer for the East Tennessee Telephone company, has gone to Shawneetown, Ill., on a visit.

Miss Alice Huddeke has returned to her home in Louisville after a visit to her sister Mrs. A. J. Roth.

Mr. and Mrs. W. C. Scofield and Miss Sue Nelson have returned from Chicago, Milwaukee and other cities. Attorney Mike Oliver of Benton, is in the city.

THE EARTHQUAKE

WAS DUE TO SUN SPOTS, SAYS AN ASTRONOMER OF ST. LOUIS.

Quake Was Severe in Southern Illinois and Greatly Frightened Tennesseans.

Reports that damage was done in some sections by the earthquake of Monday night which shook up part of Illinois, Missouri, Indiana, Kentucky and Tennessee show that the shock was more severe than at first thought and aroused new speculation as to the cause.

Eleven workmen were injured at St. Louis by the collapse of a portion of the roof of the educational building at the world's fair grounds. The roof had been loosened by the earthquake and gave way as soon as the workmen mounted to it.

Father Charropin, astronomer of the St. Louis University, attributes the earthquake to the recent prevalence of sun spots, and says that while there may be slight additional disturbances no serious earthquake need be expected for eleven years to come, as the sun spots recur in great force every eleven years and their influence is now largely past.

Later dispatches show that the quake was more severe in southern Illinois than in any other section of the country. At Mount Vernon bricks were shaken from chimneys and houses were so jarred that the frightened inhabitants rushed to the street. The disturbance lasted for probably half a minute.

Reports from McKenzie, Tenn., show that the shock was felt severely there. Residents were aroused from sleep and fled from their houses remembering their experiences in former earthquakes. Reelfoot Lake, well known to Paducah hunters, in that section, was created by an earthquake many years ago, a large section of ground caving in.

Indianapolis felt the shock slightly, but at Evansville and other Ohio river towns in the southern part of Indiana, the quake was sufficient to cause alarm. Princeton, Ind., reported that in one house dishes were shaken from a shelf and broken. In several parts of the state the earthquake was accompanied by a rumbling noise.

—Sam Patton, aged 24, and Mary E. Riley, aged 20, of the city, colored, were yesterday licensed to wed.

BAD BRICK
Will Not Be Allowed to Be Used in Manholes.

City Engineer L. A. Washington said today that the brick for manholes, which he was last night instructed by the board of public works to investigate, are bricks to be used in the new storm water sewers now under way. A lot of bricks from sidewalk have been unloaded at some of the corners, ostensibly for the purpose of being used by the contractors, for the storm water sewer manholes.

Some of them are well worn, and are not fit to be used again, and Engineer Washington says he will see that they are not. As to the whole bricks, however, the engineer thinks they are as good as any.

Engineer Washington says that giving grades and such things keep him pretty busy, and that he always attends board of works meetings when he can, but when he is busy giving grades to contractors, who cannot wait, he cannot hold up the work while he attends the board meetings, and does not intend to do so.

THIRD STREET WORK.
Good Progress Was Made Until Rain Interfered Today.

Contractors Bridges & Sons are making good headway on the South Third street reconstruction, and have brick laid to Tennessee street, and concrete laid almost to Norton street. The grading is being pushed and the first interference of consequence for sometime came today in the shape of rain.

SEWER CONNECTION FOR NEW HOUSES

The Board of Works Makes a Good Recommendation.

Wants All New Houses Built After October 1 to Have Sewerage Connections.

MAKES REQUEST OF COUNCIL.

The board of public works, at its meeting yesterday afternoon, decided on an important recommendation to be made at once to the legislative boards.

It is that no building permits for the sewerage district be issued after October 1 except with the requirement that the house constructed be connected with the sanitary sewerage.

The legislative boards passed some time ago an ordinance compelling property owners to connect with the sewerage, but the ordinance does not become effective until 1907, and the board of works thinks that every house in the sewerage district should be connected with the sewerage, especially the new houses that are being built every day.

A written recommendation was prepared by the board of works and will be presented to each of the legislative boards asking that an ordinance be passed at once preventing any new house of any description being built inside the sewerage district which is between the river and 9th street, and Tennessee and Trumble streets, without being connected with the sanitary sewerage.

This ordinance will not be as good as an ordinance immediately effective compelling every house in the sewer district to be connected with the sewerage but it would be better than the present plan of leaving it to the property owner.

ESCAPED CONVICT

ROBBED A MAN AT HICKMAN AND ESCAPED TO CAIRO, ILLINOIS.

Captured On the Ford Herold and Will Be Taken to Jackson, Mississippi.

CAIRO, Ill., Aug. 24.—Dr. Krohn, when inspecting the steamer Ford Herold yesterday, found a young man with a health certificate written with a lead pencil.

He informed the young man that he could not accept it and that he would not be allowed to land here. The young man acted suspiciously coming up on the boat and made offers of money to the captain if he would put him off on the Missouri shore, which the captain would not do.

Dr. Krohn suggested that he be turned over to the police and Chief Egan had received a telegram from Hickman, Ky., asking that he keep a lookout for a young man giving the name of Walter Morris, who had robbed a man near Hickman, of a gold watch and \$500 in cash, stating that Morris was on the Ford Herold. When the Ford Herold arrived Chief Egan found his man who proved to be the same party that Dr. Krohn suggested to the captain to have arrested.

On his person was \$150.65 in cash, a gold watch, two big guns, two boxes of cartridges and he carried a telescope with some clothes in it. He is a young man about 25 years old.

He later confessed to the chief that he was an escaped convict from the penitentiary at Jackson, Miss., from which he had made his escape last March. Walter Morris was an assumed name, he said, and that Winstead Hall was his right name.

Fulton, Ky., Feb. 21, 1905.

During my illness Dr. W. W. Gourley prescribed Uncampogary, my throat being too sore to swallow capsules and bitter quinine being impracticable. Uncampogary reduced the extremely high fever in four days, and proved far more satisfactory in every way than bitter quinine.

The above Uncampogary is tasteless quinine in powder form 25c bottle. Smith and Nagel special agents in Paducah.

Suit Has Been Settled.
The suit of the Globe Bank and Trust company against W. H. Smith for \$1250 on a note has been settled by Mr. Smith paying over the money and the action will be dismissed.

FOR all bowel troubles try SLEETH'S BLACK-ERRY CORDIAL AND GINGER. Phones 208. A A

MAN DROPPED DEAD SAVING HIS HOME

Jack Hays Was Prostrated by Heat and Soon Expired.

Lived Next Door to the Burning Warehouse and Worked to Save His Home.

HIS FAMILY ARE IN CHICAGO.

Jack Hays, colored, cook on the steamer Lulu Warren, died last night from heart disease superinduced by heat prostration while fighting the flames that destroyed his little home adjoining the warehouses burned last night at Tenth and Broadway.

His family left Tuesday on the excursion for Chicago, and he was alone. He saw that his house was doomed soon after the fire broke out, and made heroic efforts to save the furniture, and in the midst of it all he suddenly toppled over and became unconscious.

He was taken to the drug store at Tenth and Broadway, and such restoratives as spectators could suggest were used, but he did not live long. No doctor could be found for quite a while, and the attention given the man was mostly from a member of the hospital corps and some of the clerks in the drug store.

Cornet Charles Crow was called and held an inquest and the jury returned a verdict of heart disease. It was first supposed that the dead man was Jim Harrison, but this proved to be incorrect. It was difficult to have the corpse identified because his family was away.

A married daughter finally identified him early this morning, however. The remains will probably be buried this afternoon.

The home-coming of the dead man's family will be a very sad one, as they will find themselves without home and provider.

They could not be reached by wire, as it was not known where they were. Hays was about 48 years old, and his reputation was that of an honest, industrious man.

TEACHER RESIGNS

MISS IDA BEBOUT SENDS RESIGNATION TO SECRETARY TO-DAY.

The School Board Will Meet Tonight to Elect Teachers and Also Janitors.

The resignation of Miss Ida Bebout, a teacher in the Paducah public schools, was received today by Secretary W. H. Pitcher, of the board of education, and will be presented to the board tonight at its called meeting. The resignation was unexpected, and makes four vacancies in the corps of teachers to be filled by the board.

Miss Bebout resigns to accept a position in Chattanooga, Tenn., at a larger salary.

The board will hear a report from the committee on supplies relative to janitors, and the following janitors will be recommended for the various buildings, and will doubtless be elected for the year:

Washington building, Silas Kevill, salary, \$75 a month.

Jefferson building, May Conyer, salary, \$35 a month.

Low building, David Albritton, salary, \$35 a month.

Lincoln building, William Morris, salary, \$35 a month.

Longfellow building, Henry Moore, salary, \$35 a month.

McKinley building, Henry Jones, salary, \$25 a month.

Franklin building, Missouri Stone, salary, \$35 a month.

Garfield building, Charles Noel, salary, \$25 a month.

JUDGE PARKER

Will Argue in a Noted Case at Mayville.

Mayville, Ky., Aug. 21.—Federal Judge Cochran gave out this morning that Judge Alton H. Parker, late Democratic candidate for president, would be here on September 11 to argue the case of S. H. Hartman against John D. Park & Co. The Hon. Elmer Root was one of the attorneys in the case, and Judge Parker takes his place. Several other celebrated attorneys will be here on that day in the same case.

Death at Murray.
Murray, Ky., Aug. 24.—Tuesday Murray lost, by death, one of her oldest citizens in the person of Mrs. G. C. Oury, widow of the late Judge Oury, who was one of Callaway's most efficient officers. Mrs. Oury was about 65 years of age, born in Stewart county, Tennessee, in 1840. She leaves four children, Mrs. Elmer Gathin, Mrs. H. P. Wear, Miss Eunice and Rudy Oury, all of Murray.

Tuition Free For Thirty Days

If you will within fifteen days clip this notice from the Sun and present it to

DRAUGHON'S PRACTICAL BUSINESS COLLEGE
Paducah, 314 Broadway.

It will entitle you to one month's tuition free in any department for DAY or NIGHT SESSION. Night school opens Sept. 1st. May quit at end of month if you desire. If you have attended another business college we will, we think convince you that thirty days' study of bookkeeping with us is equal to sixty days elsewhere, and so we give superior advantages in shorthand, etc. Tuition will cost you nothing while investigating. Call or write for Catalogue.

St. Louis—17.6, 2.4.
Mt. Vernon—12.4, 1.1.
Paducah—10.9.

The Hoxie is at Cairo with 29 empties from St. Louis. She leaves there tonight with them for Louisville.

The barge of lumber sunk by the S. H. H. Clarke at Grand Pier Creek, above Toledo, has been raised.

The J. K. Finley leaves Louisville tonight with a tow of coal for Cairo. The T. S. snagboat E. A. Woodruff left here yesterday afternoon on her way to the mouth of the Ohio.

The Clyde left for the Tennessee river last night at six o'clock.

The Dick Fowler made her regular Cairo trip this morning.

The John S. Hopkins was today's Evansville packet.

The City of Savannah leaves St. Louis tomorrow afternoon and is due to pass here Sunday night on her way up the Tennessee river.

The City of Safford is due out of the Tennessee river tonight and is due to leave on her return trip Saturday evening.

The gauge here this morning was 10.9, the river being on a stand for the last twelve hours.

The steamer Sun, which has been running between Cairo and Chattanooga, Mo., has been forced to lay up on account of the quarantine.

The Warren will bring down an excursion from High Bridge tomorrow. The Warren will leave the first of September for the lower Ohio, having been chartered by the Paducah and Cairo Packet company, Frankfort State-Journal.

The Warren is to take the Dick Fowler's place in the Cairo trade.

In describing the damage to the coal combine's big towboat the Joe B. Williams, which was sunk at the Sisters on the lower river ten days ago, Hull Inspector Abbott Ventch, of this city, said Wednesday morning:

"I saw the Williams at Paducah Tuesday as they were hauling her from the ways after having raised her, and, judging from the condition of her hull, I think it is a wonder they were able to save her. I consider the work one of the most remarkable that has been accomplished in the line of raising steamboats.

"The forward quarter of the Williams' hull, almost back to the tail line, was ripped out by the obstruction, and she took water throughout the hull.

"After experienced carpenters and boatmen found out her condition in the water they set to work caulking the midway bulkhead back beyond the damaged section of the hull, and then five boats were set to work pumping out the undamaged part. The Tanager, the Fulton, the Alice Brown, the Duffy and the Wash Housh were detailed for the pumping and all the power of these mammoth boats was devoted to emptying the hull. There were dozens of six-inch streams from the hull while the pumping was going on. When the boat was raised and righted she was taken to Paducah and the work of putting her on the ways was begun. It will be late in the fall before the hull is repaired."—Evansville Journal-News.

Shooting at Covington.
Covington, Ky., Aug. 24.—A double shooting that will undoubtedly result in murder occurred at Taylorsport, Boone county, this morning. Louis Wrightman, aged forty, shot his brother, Jacob Wrightman, and the latter's wife.

The nice increase in our business since the first of the year is very encouraging to us.

CHILD KILLED.
Neck Broken While at Play on the Sidewalk.

NOT HIS WORK.
The City Jetter Has the Contract for Street Cleaning.

Hopkinsville, Ky., Aug. 24.—Street Inspector Alonzo Elbert Champ Carter, the 7-year-old daughter of Mr. and Mrs. Gus T. Brannon, late of Owensboro, was run over and killed by a wagon belonging to Louis F. Wade, near the intersection of Campbell street and the L. and N. railroad. Wade had left his wagon to sell vegetables and the horse became frightened at a train and ran away. The child, who was playing on the curbstone was struck. Her neck being broken Mrs. Brannon is the daughter of Prof. James G. Kransham.

Describe for the Sun.

The Return of SHERLOCK HOLMES

By A. CONAN DOYLE

Author of "The Adventures of Sherlock Holmes" "The Hound of the Baskervilles," "The Man of the Four," "A Study in Scarlet," etc.

ILLUSTRATED BY F. D. STEEL

The Adventure of the Missing Three-Quarter

No. 11 of the Series

(Copyright, 1904, by A. Conan Doyle and Editor of "The Strand Magazine," London)

(Reprinted, 1905, by McClure, Phillips & Co.)

WERE I fairly accustomed to receive weird telegrams at Baker Street, but I have a particular recollection of one which reached us on a gloomy February morning, some seven or eight years ago, and gave Mr. Sherlock Holmes a puzzled quarter of an hour. It was addressed to him and ran thus:

Please send me, terrible misfortune, light, which three-quarter missing, indistinguishable tomorrow.

"Strand postmark and dispatched 10:30," said Holmes, reading it over and over. "Mr. Overton was evidently considerably excited when he sent it, and somewhat incoherent in consequence. Well, well, he will be here, I dare say, by the time I have looked through the Times, and then we shall know all about it. Even the most insignificant problem would be welcome in these stagnant days."

Things had indeed been very slow with us, and I had learned to dread such periods of inaction, for I knew by experience that my companion's brain was so abnormally active that it was dangerous to leave it without material upon which to work. For years I had gradually weaned him from that drug mania which had threatened once to check his remarkable career. Now I knew that under ordinary conditions he no longer craved for this artificial stimulus, but I was well aware that the fiend was not dead, but sleeping, and I have known that the sleep was a light one and the waking near when in periods of idleness I have seen the drawn look upon Holmes' ascetic face and the lowering of his deep-set and incriminating eyes. Therefore I blessed this Mr. Overton, whoever he might be, since he had come with his enigmatic message to break that dangerous calm which brought more peril to my friend than all the storms of his benighted life.

As we had expected, the telegram was soon followed by its sender, and the card of Mr. Cyril Overton, of Trinity College, Cambridge, announced the arrival of an enormous young man, sixteen stone of solid bone and muscle, who spanned the doorway with his broad shoulders and looked from one of us to the other with a comely face which was haggard with anxiety.

"Mr. Sherlock Holmes?" My companion bowed.

"I've been down to Scotland Yard, Mr. Holmes. I saw Inspector Stanley Hopkins. He advised me to come to you. He said the case, so far as he could see, was more in your line than in that of the regular police."

"Pray sit down and tell me what is the matter."

"It's awful, Mr. Holmes. Simply awful! I wonder my hair isn't gray. Godfrey Staunton you've heard of him, of course? He's simply the hinge that the whole team turns on. I'd rather spare two from the pack and have Godfrey for my three-quarter line. Whether it's passing or tackling or dribbling there's no one to touch him, and then, he's got the head and can hold us all together. What am I to do? That's what I ask you, Mr. Holmes. There's Moorhouse, first reserve, but he is trained as a half, and he always edges right in on to the scrum instead of keeping out on the touch line. He's a true place kick, it's true, but then he has no judgment, and he can't sprint for his life. Why, Morton or Johnson, the Oxford fliers, could romp round him. Stevenson is fast enough, but he couldn't drop from the twenty-five line, and a three-quarter who can't either punt or drop isn't worth a place for peace alone. No, Mr. Holmes, we are done unless you can help me to find Godfrey Staunton."

My friend had listened with untinged surprise to this long speech, which was poured forth with extraordinary vigor and earnestness, every point being driven home by the slapping of a heavy hand upon the speaker's knee. When our visitor was silent Holmes stretched out his hand and took down from the shelf a book bound in brown leather, which he handed to me with the words: "There is Arthur H. Staunton, the rising young flier," said he, "and there was Henry Staunton, whom I helped to hang, but Godfrey Staunton is a new name to me."

It was our visitor's turn to look surprised.

"Why, Mr. Holmes, I thought you knew things," said he. "I suppose, then, if you have never heard of Godfrey Staunton, you don't know Cyril Overton either?"

Holmes shook his head good humoredly.

"Great Scott!" cried the athlete. "Why, I was the first for Eng-

land against Wales, and I've shipped the varsity all this year. But that's nothing. I didn't think there was a soul in England who didn't know Godfrey Staunton, the crack three-quarter, Cambridge, Blackheath and five international. Good Lord, Mr. Holmes, where have you lived?"

Holmes laughed at the young giant's naive astonishment.

"You live in a different world from me, Mr. Overton—a sweeter and healthier one. My recollections stretch out into many sections of society, but never I am happy to say, into amateur sport, which is the best and soundest thing in England. However, your unexpected visit this morning shows me that even in that world of fresh air and fair play there may be work for me to do. So now, my good sir, I beg you to sit down and tell me, slowly and quietly, exactly what it is that has occurred and how you desire that I should help you."

Young Overton's face assumed the look of a man who is more accustomed to using his muscles than his wits, but by degrees, with many repetitions and obscurities which I may omit from his narrative, he laid his strange story before us.

"It's this way, Mr. Holmes. As I have said, I am the skipper of the Rugby team of Cambridge varsity, and Godfrey Staunton is my best man. To-morrow we play Oxford. Yesterday we all came up, and we settled at Bentley's private hotel. At 10 o'clock I went round and saw that all the fellows had gone to rest, for I believe in strict training and plenty of sleep to keep a team fit. I had a word or two with Godfrey before he turned in. He seemed to me to be pale and bothered. I asked him what was the matter. He said he was all right—just a touch of headache. I bade him good night and left him. Half an hour later, the porter tells me, a rough looking man with a beard called with a note for Godfrey. He had not gone to bed, and the note was taken to his room. Godfrey read it and fell back in a chair as if he had been poleaxed. The porter was so scared that he was going to fetch me, but Godfrey stopped him, had a drink of water and pulled himself together. Then he went downstairs, said a few words to the man who was waiting in the hall, and the two of them went off together. The last that the porter saw of them they were almost running down the street in the direction of the Strand. This morning Godfrey's room

was empty, his bed had never been slept in, and his things were all just as I had seen them the night before. He had gone off at a moment's notice with this stranger, and no word has come from him since. I don't believe he will ever come back. He was a sportsman, was Godfrey, down to his marrow, and he wouldn't have stopped his training and let in his skipper if it were not for some cause that was too strong for him. No, I feel as if he were gone for good, and we should never see him again."

Sherlock Holmes listened with the deepest attention to this singular narrative.

"What did you do?" he asked.

"I wired to Cambridge to learn if anything had been heard of him there. I have had an answer. No one has seen him."

"Could he have got back to Cambridge?"

"Yes; there is a late train—quarter past 11."

"But, so far as you can ascertain, he did not take it?"

"No; he has not been seen."

"What did you do next?"

"I wired to Lord Mount-James."

"Why to Lord Mount-James?"

"Godfrey is an orphan, and Lord Mount-James is his nearest relative—his uncle, I believe."

"Indeed, this throws new light upon the matter. Lord Mount-James is one of the richest men in England."

"So I've heard Godfrey say."

"And your friend was closely related?"

"Yes; he was his heir, and the old boy is nearly eighty—crank full of gont too. They say he could chalk his billiard cue with his knuckles. He never allowed Godfrey a shilling in his life, for he is an absolute miser, but it will all come to him right enough."

HERBINE

Renders the bile more fluid and thus helps the blood to flow; it affords prompt relief from biliousness, indigestion, sick and nervous headaches, and over-indulgence in food and drink.

G. L. Caldwell, Agt., M. K. and T. R. R., Cheroot, Ind. Ter., writes, April 19, 1903: "I was sick for over two years with enlargement of the liver and spleen. The doctors did me no good, and I had given up all hope of being cured when my drug-gist advised me to use Herbine. I have made me sound and well." 50c at Alvey & List, and G. C. C. Kolb's drug stores.

L. C. IN ALABAMA.

Securing Right of Way For Its Line to Birmingham.

Birmingham, Ala., Aug. 24.—Reports from Northwest Alabama are to the effect that the Illinois Central railroad has men in the field actively engaged in a curing rights of way for its proposed line to Birmingham.

These rights of way, it is understood, have already been obtained through Winston and Marion counties, and are now being sought in Walker county. It is expected that the proposed branch line will leave the main line at Jackson, Tenn., and run direct by air line from that point to Birmingham.

Preliminary surveys were made some time ago, and it is now said that active work will begin in about six months. The Illinois Central made an arrangement some months ago to run its trains to Birmingham from Holly Springs, Miss., over the tracks of the Frisco railroad in consideration for certain rights which it granted the Frisco at New Orleans, but the arrangement has never been availed of by the Illinois Central and it would appear now that it has determined to build an independent line of its own and not use the track of another road.

Cures Scabies. Rev. W. L. Riley, L. I. D., Cuba New York, writes: "After fifteen days of excruciating pain from scabies rheumatism, under various treatments, I was induced to try Ballard's Snow Liniment; the first application giving me first relief and the second entire relief. I can give it unqualified recommendation." 25c, 50c and \$1 at Alvey & List and G. C. C. Kolb's drug stores.

MARK TWAIN

Is Ill and Reported Slowly Failing.

Norfolk, Conn., Aug. 21.—Samuel Clemens, the well known "Mark Twain," who was taken slightly ill a few days ago at his summer cottage in Edgewood, is now suffering a severe attack of gout, but his physician, Dr. E. Quintard, of New York, who is here attending him, believes that his distinguished patient will recover sufficiently to get out of bed inside of a week.

Mr. Clemens' daughter, Clara, is with him constantly, attending to his every need.

Mr. Clemens' health seems to be growing feebler, and his old age is one of the obstacles in the way of a speedy recovery now. While indications are favorable at present, there is some worry among his friends over the ultimate outcome of his sickness.

Nothing Definite Yet. The Methodist college committee of the Commercial club held a meeting with Chairman Rhodes yesterday afternoon, but did nothing that it is ready to make public.

OFFICERS CHOSEN

FOR THE NEXT TWO YEARS BY K. AND L. OF E.

Order Shows Good Improvement—Had Its Origin in Kentucky.

Louisville, Ky., Aug. 24.—The following officers were elected for the ensuing two years by the Knights and Ladies of Honor at their session here:

Grand Protector—Jacob Wahl, of Louisville. He succeeds O. T. Leatherman, who held the office for two successive terms.

Grand Vice Protector—Mrs. Elizabeth Horn, of Louisville.

Grand Secretary—Henry Schoppenhorst, Mr. Schoppenhorst was re-elected by acclamation.

Grand Treasurer—J. N. Pfeffer, of Louisville, re-elected.

Grand Chaplain—Mrs. Mary A. Morn, of Louisville, to succeed Mrs. Elizabeth Horn.

Grand Guardian—Mrs. Mary B. McBride, of Frankfort, to succeed Mrs. Lily Bergenhausen.

Grand Inside Guardian—Mrs. Fannie E. Carothers, of Hardstown, to succeed C. W. Morrison, of Paducah.

Grand Sentinel—Michael Sherrer, of Louisville.

Grand Trustees—Charles A. Mann, John W. Day, re-elected; Nicholas Hielman to succeed J. O. Hiner.

O. T. Leatherman was elected supreme representative to succeed Jacob Fishback, W. S. Waller was chosen as alternate. The supreme representative will represent Kentucky at the session of the supreme lodge in Indianapolis in September.

The fraternal and beneficial order, Knights and Ladies of Honor, had its inception in Louisville in 1878. Ole Bradburn was the founder. The idea was conceived on an excursion up the river, when Mr. Bradburn, Mrs. M. O. Gilbert and others were discussing the lodge question. It was suggested that an order that admitted women to membership as well as men would take. The outcome of the talk was the organization of the order with 17 members on the night of September 27, 1878, in the hall at Fifth and Jefferson streets. It met with favor and has grown rapidly, having at this time covered the entire country and being one of the richest and soundest of all the beneficial orders. In the path blazed by it there have followed numerous other fraternal orders.

Stop That Cough.

When a cough, a tickling or an irritation in the throat makes you feel uncomfortable take Ballard's Horehound Syrup. Don't wait until the disease has gone beyond control. Mr. and Mrs. J. A. Anderson, 354 West 5th St., Salt Lake City, Utah, write:

"We think Ballard's Horehound Syrup the best medicine for coughs and colds. We have used it for several years; it always gives immediate relief, is very pleasant and gives perfect satisfaction." 25c, 50c and \$1 at Alvey & List, and G. C. C. Kolb's drug stores.

IN MIDAIR.

A Hawk and a Big White Cat Fought a Desperate Battle.

Montgomery, W. Va., Aug. 24.—Summer boarders at Barger's Springs witnessed a terrific mid-air battle between a large hawk and a medium sized white cat, in which both combatants lost their lives. The cat killed the bird, and in turn was crushed by its fall to the earth.

The cat was stretched upon a pile of boards, when out of the sky an immense hawk plunged and arose with the animal grasped in its talons. The cat fought with great fierceness, and the upward progress of the two was marked by a swirl of fur and feathers. The animal in its fury tore great lines in the hawk and denied it of its plumage.

High up in the air they hung. Then they began to fall, and as they neared the earth a trail of feathers followed. They struck the ground with a thud and all was over. The hawk was literally disemboweled, every feather in reach of the cat's claws being torn away. Its flesh also hung in little strings. The cat was badly disfigured and soaked in blood. It was apparent, however, that the fall and not the bird had killed the plucky animal.

RHEUMATISM

When pains or irritation exist on any part of the body, the application of Ballard's Snow Liniment gives prompt relief. E. W. Sullivan, Prop., Sullivan House, El Reno, O. T., writes, June 6, 1902: "I take pleasure in recommending Ballard's Snow Liniment to all who are afflicted with rheumatism. It is the only remedy I have found that gives immediate relief." 25c, 50c and \$1.00 at Alvey & List, and G. C. C. Kolb's drug stores.

Nothing Definite Yet.

The Methodist college committee of the Commercial club held a meeting with Chairman Rhodes yesterday afternoon, but did nothing that it is ready to make public.

SLEETHS CORDIAL

WITH GINGER will correct all irregularities of the bowels. SLEETH'S Drug Store.

FRIDAY THE LAST DAY FOR FILING 'EM

Hence Suits are Falling Thick
and Fast Just Now.

Authorities Sue One Company for
\$500 in Seven Cases for
Rebating.

OTHER SUITS FILED TODAY

Friday is the last day for filing suits for the approaching term of the McCracken circuit court and there is quite a rush on. Since yesterday the following suits have been filed:

Commonwealth Attorney John Lovett and County Attorney Eugene Graves, filed seven suits against the Interstate Life Assurance Co. for \$500 in each suit for rebating, which is a violation of the law.

Rebating is punishable by a fine of \$500 if proven and the suits are brought as a means of investigating, instead of warrants or indictments. The name of each policy holder who was insured and on whom a rebate is alleged to have been made, is given and also the agent of the company. Mike Caldwell, is given as a defendant.

F. G. Rudolph, administrator of the estate of Clifford Wilson, against D. DeLoach and the I. C. road. The suit asks that the plaintiff recover \$25,000 damages for the death of Wilson who was killed between two cars on April 15, 1903. DeLoach was engineer and kicked the cars into a siding, catching Wilson between two cars.

The suit was originally brought by Ora Lee Wilson, a sister, and was for some unknown reason stricken from the docket. Rudolph has since been appointed administrator and asks that the suit be redocketed with him as plaintiff. Wilson was formerly an undertaker.

W. B. Stanfield files suit against the Paducah City Railway Co. for an attorney's fee of \$375. The petition alleges that he, as an attorney, entered negotiations with the defendant for damages to a man injured on the cars and after he had entered negotiations, the defendant conferred with his client and effected a compromise and that he is entitled to recover his fee from the car company. He is a Mayfield lawyer.

Kaufman Bros. & Bondy sue T. O. Fisher and H. B. Grace for an alleged account of \$103.

Harlan Brothers, tailors of St. Louis, sue Henry Kahn for an alleged debt of \$215 for clothes bought.

Sweet Valley Wine Co. against the O. L. Gregory Vinegar works for two notes, one \$440 credited with a payment of \$100 and the other for \$445.

CRICKETS IN CHICAGO.

Plague Strikes Windy City and Does
Great Damage.

Chicago, Aug. 23.—A plague of crickets has fallen on Chicago. The insects are arriving in swarms and devouring everything in their path, especially light clothing.

Municipal Ownership Cranks Coming.
Glasgow, Scotland, Aug. 24.—Bailie Crawford, an expert on the subject of municipal ownership and Sir John Prirose, of Glasgow, will visit America in the spring for the purpose of conducting a campaign in the interest of American people on the subject of municipal ownership.

A CLOUDBURST

STORM DOES CONSIDERABLE
DAMAGE IN THIS SECTION.

Little Wind But the Rain Was Almost a Deluge in Many Localities.

A regular cloudburst, accompanied by wind visited this section this morning and gave everything a good dousing. The storm came up suddenly. With a sky almost clear, overhead, peals of thunder rang out from a few clouds west of the city.

In a remarkably short time the clouds became darker and the storm circled around and struck the city. The rain was almost an inundation in many places.

Down at the river the boats sought a safe harbor, and the ferry boat was forced to lie up on the other side of the island.

When the boat started from Paducah the wind was from the west and when she started back it was from the east, having changed completely around.

The west end suffered worse than any part of the city, and the water fell there in torrents. Considerable damage was done at Camp Yeiser.

Mr. Sam Caldwell, the well-known lawyer, states that the cloudburst near his home just this side of Wallace park would make the rain in town look like a small sprinkle in comparison.

Two clouds seemed to come together and burst. Mr. Caldwell stated, and for the first time in thirty five years he has been residing in that locality he saw the rain go over the embankment and cover the road to a depth of six inches. It was a regular deluge and all the loose gravel was swept from the road as if it was dust. Only the closely packed gravel remained intact.

After the rain stopped it required more than an hour to run the water entirely off the road.

Between here and Mayfield the rain is said to have been one of the hardest on record, but little damage is reported, except to crops. In many sections of the county comes reports of corn beaten or blown down, and other crops injured or ruined. It is impossible at present to estimate the damages.

Some of the telephone and telegraph wires were reported down or out of order after the storm, but there was no damage of consequence to them.

Lightning this morning killed a fine milk cow at 21st and Clark streets.

The lightning struck a tree near where the cow was standing and tore the trunk into splinters. The cow was making for the tree for shelter when it received the deadly shock. The owner had not been learned and the body of the bovine was still at 21st and Clark streets at press time.

ILLINOIS CENTRAL RAILROAD EXCURSION BULLETIN.

Beginning Friday June 16th, every Friday and Saturday thereafter until further advised, the Illinois Central Railroad company will sell round trip tickets to East View and Big Clifty, Ky., at the rate of one fare for the round trip, tickets to be limited to the Monday following date of sale, for return.

Pacific Coast Points.
Portland, Ore., daily, May 23 to September 30, round trip, \$57.80, returning via San Francisco or Los Angeles, \$67.50, limit ninety days from date of sale, account of Lewis and Clark exposition and various meetings.

For further particulars apply J. T. DONOVAN, Agent, Paducah, Ky.

TORRENTS OF WATER

(Continued from first.)

ty was driven down Broadway to the river and then out Broadway to the ramp. The trip was made in twenty minutes. In the governor's party were the following: Col. Morgan Chinn, clerk of the court of appeals; Col. J. R. Walters, secretary of the Frankfort Chair company; Col. Frank Seabee, of Carrollton, Ky.; Col. A. H. Egan, superintendent of the Louisville division of the Illinois Central; Col. J. W. Powell, of Louisville, Mr. T. A. Hall, a prominent distiller of Frankfort, Congressman Joe Rhinock, of Covington, and Judge J. L. Lassing, of Boone county, were to have accompanied the party, but at Louisville Congressman Rhinock was called to Chicago on important business and Judge Lassing had to return home. He will be here later, also Congressman Rhinock, if he gets through with his business in time. Judge T. H. Paynter, of the court of appeals, and a candidate for U. S. senator, will arrive in a day or two. Col. Clifford Nauda, of Covington, is also expected tonight.

Governor Beckham will remain until next Monday night, on which day he will review the Third Regiment.

A Pretty Function.
One of the prettiest functions of the season was the ball given at the park pavilion last night in honor of Governor Beckham and his staff. It was a society affair and largely attended. At 9 o'clock the regiment band and regimental officers went to headquarters and escorted the governor and his staff to the dancing pavilion, where an interesting military ceremony followed and the ball was on.

Tomorrow night the governor and staff will give a ball at the park pavilion complimentary to the young society people of Paducah who have so ably handled the balls given in honor of the governor and staff. Invitations will be extended by the german club and the list will be the same as attended the two dances given during the governor's visits. The visitors greatly appreciate the social honors they have received, stating they were never treated better anywhere. They are anxious for society to turn out in force tomorrow night at the ball.

Regimental Shooting.

With the revolvers the regimental officers shot yesterday afternoon at the target range and some good records were made. The shooting was at a distance of 50 yards. The scores were as follows:

Lieut. Litsey, regimental adjutant, 35 out of a possible 50; Colonel Hindman 29, Capt. Gray 27, Capt. Ballitt 27, Lieut. Winters 26, Lieut. Benches 25, Capt. Barnett 24, Lieut. Egan 22, Major Rowden 21, Capt. Mechleng 19, Lieut. Sale 18, Lieut. S. Sale 16, Lieut. Sheldon 14, Capt. J. W. Saunders 13, Capt. Huffaker 13, Lieut. Taylor 11, Col. Gregory 11, Major Greene 10, Capt. R. N. Krieger 9, Lieut. Weaver 8, Lieut. Roy 6, Lieut. Seymour 5, Lieut. A. M. McClure 4, Lieut. Krieger 2, Lieut. Ahler 0, Lieut. Duke 0. The latter two did not hit the target.

All the companies have practiced at the target range. As the time was short and owing to today's rain only three companies shot at the three ranges of 200 yards, 300 yards and 500 yards, the other six shooting at 200 and 300 yards.

Owing to the officers' revolver practice yesterday afternoon the remaining field events were called off.

The officer of the day is Capt. R. N. Krieger, company E; senior officer of the guard, Lieut. Winter, company H, and junior officer of the guard, Lieut. Albert Krieger, company E.

ENCAMPMENT NOTES.

Fires were built in the stoves of the Sibley-Cookle, tents this morning to dry them out. They are the

first fires built in them since the encampment. The sight of the smoke curling up from the smoke stacks was a very pretty scene.

Lieut. H. A. Grove has been detailed for special duty with the Third regiment.

Capt. Sydney Meyers has been detailed assistant to Surgeon General McCormack for the Third regiment on account of his vast experience in the regular army. Capt. Meyers has been a faithful worker in the medical department and is a prominent surgeon and physician at Louisville.

Mr. Henry F. Oliver, of Fulton, arrived this morning for a visit to "Camp Yeiser."

Governor Beckham, staff and the general officers will be guests of Col. Hindman and his staff at supper this evening.

The wind blew down the tents at the commissary department and some of the provisions was damaged by the rain.

Mrs. Harry Tandy entertained the officers' wives and other visiting ladies at the Palmer this morning.

Col. Morgan Chinn, a member of the governor's staff, is one of the most prominent politicians in Kentucky. He was elected clerk of the court of appeals by one of the handiest majorities a state officer ever received. Col. Chinn's home is in Harrodsburg.

The Frankfort Chair company, of which Col. Walters is secretary, is one of the largest industries of the kind in the country. Col. Walters is a young man, very popular and a rising business man.

The hospital corps did not drill for Gov. Beckham this morning on account of the rain.

After the encampment the governor will select delegates to represent the state at the National Military Medical meet in Detroit. Capt. Sydney Meyers and Col. McCormack will probably be two of the appointments.

EMBARGO AGAINST PADUCAH MAY BE RAISED TONIGHT.

Mayor D. A. Yeiser and Dr. H. P. Sights, the committee appointed by the board of health yesterday, went to Cairo this morning on the 9:30 o'clock train to hold a conference relative to recognizing health certificates from Paducah.

A dispatch from Cairo to The Sun this afternoon says:

"The embargo against Paducah health certificates may be raised tonight. At a conference with Acting Secretary Palmer of the Illinois board, it was agreed that certificates issued by an appointee of the Paducah health board will be recognized in Southern Illinois. It issued only to Kentucky people, or persons vouchered for by Kentuckians. These certificates will not be honored by the city of Cairo."

"THE CITIZEN."

Count Married Without Permission.
Berlin, Aug. 24.—Count Edgar Wollskeel was fined by court martial on a charge of marrying without securing permission of his superior officers and sentenced to seventy-five days in the fortress. The count, who is little more than a boy, married a German actress.

Owing to the high price of wool the wolf finds it rather expensive masquerading in sheep's clothing. All women like good things—and most men come under that head.

Harvest Days in NEGLIGEE SHIRTS

Great Price Reductions.
